*We can manufacture  
to your specifications, which are only  
"Limited by Your Imagination"*

- The Firefly Snap Jack is designed primarily as a multi-purpose support device in the underground mining industry.
- The Snap Jack is light and portable, it's ease of operation makes it ideal for use in any situation.
- The Snap Jack's unique design allows the jack to expand to allow for variations in Roof Height.
- The snap Jack is available in two sizes, No.1 & No.2, in many configurations.

- 0050-001 - No.1 .....1.8 x 2.4 Meter Extension
- 0050-003 - No.1 ..... 2.8 x 4 Meter Extension
- 0050-004 - No.1 ..... 2.4 x 3.6 Meter Extension
- 0050-007 - No.1 ..... Tool Box Support
- 0050-012 - No.1 ..... Telephone Holder
- 0050-013 - No.1 ..... Junction Box Holder
