Shank Size	28 mm Hex

FF-PB 40 PAVING BREAKER

The Firefly FF-PB40 Paving Breaker has been designed and manufactured as an extremely strong but portable handheld Breaker, based on many years of experience in the Mining Industry.

The Breaker is mainly used in quarries, mines and construction.

Features

- The robust construction allows consistent operation under extreme conditions.
- Uses 28mm Hex Chisel ormoil. (1 1/8")
